

## CONDITIONS IN SPAIN SEEM TO HAVE IMPROVED

Revolution in Catalonia Is at an End and Many Are Executed.

GOVERNMENT MOVES TO  
SUPPRESS LABOR STRIKE

Reinforcements Will Go to Melilla and Rough Rider Troop Is Organizing.

MADRID, July 31.—The government's silence as to the loss of life at Barcelona is still unbroken, and no statement is forthcoming giving exact and adequate idea of the bloody incident attending the repression of the revolution.

Tonight's summary of the situation shows the conditions at Barcelona to be greatly improved, and the belief prevails here that by tomorrow all will be over. No information as to the number of revolutionists court-martialed and sentenced has reached Madrid.

Throughout Catalonia the situation is decidedly calmer, and reports from other parts of the country bring news of similar improvement in conditions. At Melilla the Moors are actively preparing for a new attack upon the Spaniards, but General Marina has been instructed that as soon as the big army is concentrated he is to assume the offensive, march out of Melilla and strike a decisive blow.

Government Stops Strike. The government has adopted most rigorous precautions against the general strike at Madrid which the working men's organization threatened to inaugurate Monday.

Many republicans and socialist sympathizers have been arrested because of their suspicious attitude. According to the newspaper El Mundo, steps have been taken to organize a volunteer cavalry body similar to the famous American Rough Riders in the Spanish-American war to fight the Moors at Melilla. Officers and soldiers will bear all expenses of equipment, transportation and sustenance of the organization throughout the Moroccan campaign. Some of leading families are clamoring to participate.

## SPANISH MAINTAIN MELILLAN POSITION

MELILLA, July 31.—Although the heavy artillery mounted upon the forts continued to throw projectiles against the Moorish stronghold on Mount Gurugun, the situation is comparatively quiet.

In spite of the overwhelming heat and fatigue of battle, the health of the Spanish troops continues excellent. The inhabitants of Melilla have opened their homes to the wounded Spaniards.

Among the natives there is a rumor that Rohl, the powerful Moroccan chief, is coming to pacify the tribesmen, but this is doubted. A train transporting engineers was derailed and attacked by Moors near Melilla, but they were repulsed with loss.

Gen. Marina is planning, when reinforcements come, to make a grand march to Zelouan in the interior.

The Moors, it is declared, are lacking in food and munitions, and were forced to desert in their attacks and withdraw to the lead mines to make bullets.

COURTMARTIAL CAUSE  
EXECUTION OF HUNDREDS.

SAN SEBASTIAN, Spain, via the French Frontier, July 31.—A person in authority declared tonight that ten court-martials are continuously being held Thursday and Friday, and that the number of revolutionists condemned and shot is estimated at 120.

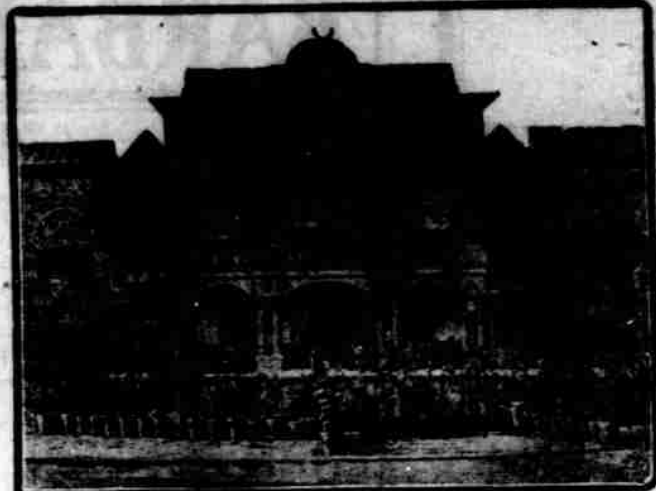

About 3000 revolutionists were killed or wounded by machine guns or rifle fire.

THAW HAS RESPITE  
BEFORE NEXT BOUT

WHITE PLAINS, July 31.—Harry K. Thaw today enjoyed a rest and prepared with his attorney for his appearance on the stand next week.

The prisoner and his family have extracted some comfort from that part of Justice Miller's examination in which he told Thaw that he need not excuse himself for any measure he adopted to defend himself when on trial.

## TEN MEN KILLED IN HEADON ELECTRIC TRAIN COLLISION

SPOKANE, Wash., July 31.—Ten persons were killed and at least sixty injured in a head-on collision between two electric trains on the Spokane and Inland railway shortly before 5 o'clock this evening.

The wreck occurred at Coldwell, Idaho, 25 miles east of Spokane. Train No. 20 west bound had left Coeur d'Alene, Idaho, for Spokane at 4:35 p. m., and had just reached Coldwell when it met train No. 5 east bound. Both trains were running about 15 miles an hour, and crashed together without a moment's warning.

The heavy passenger coaches were crushed. Men and women were thrown from their seats, some being hurled to the top of the coaches, while others were sent flying through the

windows. Several coaches left the track, and the passengers were caught under the pile of broken timbers.

A special train of physicians was hurried from Spokane. Others set out from Coeur d'Alene and other places. The Coeur d'Alene hospital is now filled with injured.

The list of dead is:

William Ward, wheat grower, Wenatchee, Washington.  
A. P. Wigley, Memphis, Tenn.  
D. E. Campbell, motorman, Coeur d'Alene.  
Orville Paterbaugh, Elkhardt, Ind.  
John A. Verne, Springfield, Mo.  
Dallie Golden, Spokane.  
W. H. Dahlquist, Esterville, Iowa.  
J. C. Cox, Hayden Lake, Idaho.  
The injured number 47.

## WIFE OF FORMER BISBEEITE PLANS FURTHER ROMANCES

The many friends of William H. Fischer, formerly of Bisbee, have not seen him for a year or so. Neither, it is alleged, has his wife, Lillian, whom he married in Bisbee, on June 17, 1907.

Mrs. Fischer, if San Francisco reports are to be believed, really doesn't care if "Bill" never does come back. Once she loved her Bill, but now it's "Oh, you kid," and the name of the "kid" is said to be Mayfield.

Here follows the story of Lillian Mayfield Fischer as given in the San Francisco Chronicle, with Mr. Fischer as a sort of "heavy walking gent" making his entrance to low music:

"Girls, what would you say to being married twice and being engaged the third time, and having all your husbands taken away from you because you were under 18 when the ceremonies were performed and mother would not cement matters by giving her consent."

"That very nearly tells the story of pretty little Lillian Fischer. She is only 19 now, and needs only to wear short skirts and put her hair down in a braid to pass for sweet 16."

"Lillian's first marriage, a strictly runaway affair, was to Milton Mayfield, now a wealthy young lumber man of Oakland, but then a lad not so very many years past the knee breeches stage."

"The pair lived happily together for two months, and then the child bride's mother insisted on playing the dragon's part in the little drama, and the marriage was pronounced null and void by an Alameda judge."

"Besides there was the statute forbidding a girl under eighteen to marry even a Prince Charming without the consent of her mother."

"It would have been difficult even for a romantic Judge to get around that. So Mrs. Mayfield was taken back home and had to submit to being called Lillian Davies, just as in the days before she stopped doing long division examples on her slate at school."

"The next chapter in the history Lillian is not proud of. She would like to have it regarded as a mere interlude. But the fact that she was unhappy and her mother's part in the spoiling of her marriage had not tended to make the homestead—it was on Laguna street, this city—a very comfortable place to live in."

"And at precisely the psychological moment when the girl had come to the conclusion that nothing much mattered anyway, along comes William H. Fischer, the Arizona mining man. He did just what Otello did to Desdemona—told her his high color stories of his adventures in remote parts of the earth, and the upshot of it was that Miss Lillian Davies ran away from her home again, and at Bisbee, Arizona, on June 17, 1907, became Mrs. Fischer."

"She says now that she is glad that

June 17 came just a little before her eighteenth birthday. For the marriage with Fischer proved to be as unhappy as that with Mayfield had been happy."

It is claimed that Fischer was cruel and that she wears a scar which she says came from a blow which broke her cheek bone.

"Where Fischer is nobody seems to know. But Mayfield is still in Oakland. He has prospered greatly, and owns two automobiles. Mrs. Fischer filed a petition for the annulment of her marriage to the mining man yesterday."

"If being under eighteen made it possible for mamma to annul my first marriage it ought to be enough to enable me to have my second marriage annulled myself."

"And will you then be married to Mr. Mayfield again?" she was asked.

"The petitioner blushed as if she knew. Her attorney nodded as if he knew."

## CZAR IS WELCOMED BY FRENCH VESSELS

CHERBOURG, July 31.—The French naval division, consisting of three armored cruisers and twelve torpedo boat destroyers, today met the Russian squadron conveying the imperial yacht Standart, which has on board the Russian imperial family off Cape Gris Nez and escorted it here.

President Fallieres, on board the cruiser Galilee, met the Russian warships at the entrance to the roadstead. The brilliant sea procession steamed into the harbor amid booming guns from the ships and forts.

About fifty socialists attempted to create a disturbance against the visit of Emperor Nicholas, but were suppressed.

KING ACCEPTS RESIGNATION  
OF NORWAY CABINET.

COPENHAGEN, July 31.—The cabinet, headed by Premier Neergaard, resigned today in consequence of their failure to gain support of parliament in its military defense scheme. King Frederick accepted the resignations.

METAL MARKET.

NEW YORK, July 31.—The metal market was generally quiet in the absence of cables. Firm tone. Tin, firm. Spot, 33.30—29.40. Copper, easy. Lake, 12.35@13.50. Electrolytic, 12.75@12.00. Castings, 12.62 1/2@12.57 1/2. Silver, 50.24; Mexican, 44.

## PEOPLE FLEE AS MEXICO CITY IS AGAIN ROCKED

Thirty Tremors Shake Mexican Capital Within Two Terrible Days

LITTLE LOSS OF LIFE  
OCCURS FROM QUAKES

Handsomest Buildings of City Suffer Severely; Acapulco Is Again Rocked.

MEXICO CITY, July 31.—Mexico City again was severely shaken by an earthquake today.

A shock more severe than any yet experienced, rocked the city for one minute and forty seconds. The first faint swaying came at 12:43 o'clock, but the nervous people needed nothing more than the slightest tremble to send them pouring out of stores, offices, buildings and dwellings into the streets.

The shock grew in intensity at the end of the first thirty seconds, and suddenly shifted the direction of its motion.

It began with a long swaying north to south oscillatory motion, which changed to a bumping action.

No great damage was done, though many walls, weakened by three shocks of yesterday, fell, while many public buildings were cracked.

The national palace suffered considerably. The war office, chamber of ambassadors, and in other sections handsome buildings were damaged.

The National Life Insurance building, Stillwell building and the cathedral were among the large edifices which suffered.

ACAPULCO ALSO SUFFERS.

At Acapulco the customs house, with its warehouse, military barracks and a number of other prominent buildings are absolutely destroyed, while the municipal palace suffered severe damage.

Thirteen earthquakes within thirty hours have been registered by the government seismograph at Acapulco.

From the time the earth began to move in the valley yesterday morning at 7:14 o'clock until the quivers ceased at 12:45 o'clock today, Mexico City has been shaking at intervals of every two or three hours. Six upheavals have been of such strength as to be felt by the people, while seven others have been felt only by the sensitive instruments at the seismograph station.

## SEATTLE GIVEN AFFRONT BY JOHNSON

SEATTLE, July 31.—In the absence of Governor John A. Johnson, of Minnesota, who was to have been the principal feature of Swedish day at the Alaska Yukon-Pacific exposition it was still a notable occurrence.

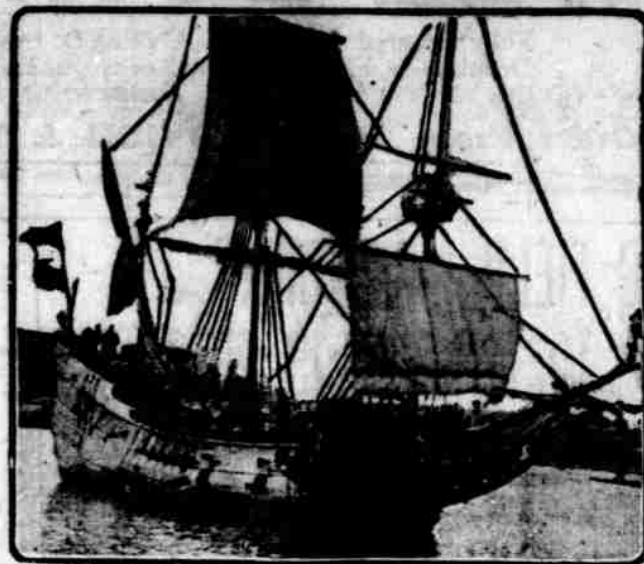

When it became known that Gov. Johnson had chosen to spend the day at Spokane, it was decided to carry out the program already prepared. Governor M. E. Hay, of Washington, who had come from Olympia with his staff, to welcome Governor Johnson, taking the latter's place as speaker of the day at the great musical festival.

The attendance of Swedes was very large.

## MILES OF WARSHIPS REVIEWED BY KING

COWES, Eng., July 31.—The last of the great naval pageants which for the past few months have played such a prominent part in the campaign waged around the question of Great Britain's sea power, took place this afternoon in the Solent, where seventy-eight miles of warships were reviewed by King Edward and Queen Alexandra.

## "The Half Moon," Replica of Hudson's Boat in Which He Sailed up Hudson River

## WOMAN ACCIDENTALLY KILLED IN GUN PLAY AT WINKELMAN

PHOENIX, July 31.—Between 5 and 6 o'clock this morning at Winkelman, a hundred miles east of here, at the end of the Phoenix & Eastern railroad, Pablo Ortega shot with a Winchester at Simon Ackel, a Syrian merchant.

Barely grazing him, the bullet entered the right shoulder, and emerged from the left shoulder of Mrs. Rosa O'Meara, who died thirty minutes later. Joe Tilly, partner of Ackel, was followed into either their store or an adjoining building and shot through the left wrist. Other shots fired went wild.

Ortega is in custody, and if held at the preliminary hearing will be taken to Globe, the county seat of Gila county. Tilly came to Phoenix this

evening and is at St. Joseph's hospital.

The incident occurred in the rear of the Ackel-Tilly store. Ortega has a tent a short distance away. There was an old feud over the dumping of the store slops at Ortega's tent. It is alleged that this morning Ackel placed a bucket of slops in the tent doorway. Ortega removed it and Ackel replaced it. Then Ortega got his gun.

Mrs. O'Meara is a Mexican woman married to an Irishman. She was in an open sleeping apartment in the rear of the store when the shooting occurred, and the bullet perforated the blanket that kept her from the view of the shooter, who says he did not see her, and deplores her death.

## REVIEW BLAMED FOR MINER'S TIE-UP

The Bisbee Evening Miner published another deliberate and uncalled for lie about the Review last evening, and for fear that some of the few remaining friends of the kept-organ may take some stock in its statement, we are willing to tell just why the Miner, and not the Review, was "tied-up" yesterday.

The few subscribers of the afternoon knocker were surprised yesterday when the handbill they received was only half the usual size, and contained little if any news not published twelve hours before in the Review.

Excuses, of course, were in order, and naturally the Review was openly blamed for the disreputable condition of the paper. The Miner says in substance that "the unfortunate incident" was caused by reason of the Review "this morning refusing to sell the Miner any more paper."

The fact of the matter is, that the Review has not sold the Miner paper stock for more than a month, when their business manager was informed that the Review did not care to do any more business with them, and would not carry in stock the size of paper they use. The business manager of the Miner was also informed that the Miner's way of issuing checks in payment of accounts and then have the draft repudiated by its bank for the reason "no funds," was disagreeable, to say the least.

From that day to this the Miner has had its paper stock shipped in and the way wherefore of the "unfortunate incident" is best known by the business office of the kept-organ. Certainly it is not up to the Review and the despoiled Kelly syndicate to provide white paper for the most despicable gang of journalistic cutthroats that ever invaded Cochise county.

DENVER SHERIFF HAS  
PHOENIX EMBEZZLER.

PHOENIX, July 31.—Sheriff Hayden was today advised that the Denver sheriff has in custody Fran Thompson, a former member of the firm of Hildreth & Thompson, of this city. Last attorney, who about ten days ago decamped with about six thousand dollars worth of land scrip and approximately two thousand dollars in cash.

## CHUNG SING IS NOW UNDER ARREST

NEW YORK, July 31.—After having held him as a material witness for more than a month, the authorities today obtained a warrant for the arrest of Sing, Leon Ling's friend, on a charge of witnessing the murder as an accessory of the fact, in the death of Elsie Sigel.

The issuance of the warrant followed the application yesterday on a writ of habeas corpus for the release of Chung Sing from custody. Some of the evidence against Sing came to light in the affidavits on which the warrant was issued. Quan Yick Nam, a Chinese interpreter, swore Sing told him of assisting Leon to put the body of Elsie Sigel in the trunk and of otherwise assisting in the disposal of the girl's body.

## ORGANIZER RYAN TAKES MURDER AS JOKE

LOS ANGELES, July 31.—When Albert Ryan, Western Federation of Miners' organizer, charged with the murder of two men and the wounding of another, was taken to the county jail to await the time for his trial in the superior court, he was as jolly as that notorious bungler in a rug, and joked with the jailers while being weighed and measured. He is 6 feet 11 1/2 inches in height, and weighs 170 pounds.

He had with him checks, money orders and express orders for nearly \$200. Everything was taken from him, except a box of pills.

"Oh, say, leave me those pills, can't you? I may need 'em," remarked Ryan.

"Not much," replied the deputy. No opportunity will be given the labor union organizer to commit suicide and cheat the gallows. He was held without bail to the superior court by Police Justice Frederickson, on the charge of murder, having killed H. E. Snyder in the lobby of the United States hotel on the evening of the 16th inst.

## TARIFF REPORT WINS IN HOUSE BY CLOSE VOTE

Twenty Republicans Refuse Support to Payne-Aldrich Compromise.

CROWDS THROG CAPITAL  
DESPITE INTENSE HEAT

Two Democrats Go on Record as Favoring High Protective Duties.

WASHINGTON, July 31.—By a vote of 195 to 183 the house tonight adopted the conference report on the tariff. A great republican demonstration followed.

Twenty republicans voted against the report, and two democrats for it. The vote was the climax of an eleven hours' session, conducted through most oppressive heat, and it was enlivened by a dozen or more speeches of more or less fiery nature. The temperature did not deter a vast throng from going to the capital to witness the closing scenes.

The day opened with what appeared to be a part of an organized filibuster against the conference report, when Mondell, of Wyoming, demanded the reading of the lengthy document. This proceeded for about an hour and a half, when, with about two-thirds remaining to be read, Mondell permitted the debate to go on.

Payne defended the report, and appealed to his republican colleagues to support it, prophesying at the same time that when the bill was enacted into law it would meet with the approval of the country.

Clark Denounces. Clark, the minority leader, and many of his colleagues, denounced the bill, and criticized the republicans for failing, as they alleged, to revise the tariff downward, and thus keep party pledges.

Perhaps the most sensational speech of all was by Mann, of Illinois, who said he would vote against the report provided the rates on pulp and print paper, as reduced by the house were not retained. He denounced that particular schedule, and declared that Canada would take such action regarding pulp wood and print paper as to place an almost prohibitory price upon paper in this country.

At 9:07 the house, with the conference report ready to be sent to the senate for action, adjourned until Monday noon.

## URGENT DEFICIENCY BILL PASSES SENATE

WASHINGTON, July 31.—After three hours of discussion, the senate today passed the urgent deficiency appropriation bill, including \$25,000 for the president's traveling expenses; appropriations for executing tariff bill provisions, a reduction of the salaries of five judges of the new Customs Court from \$10,000 to \$7,000 annually, and a reduction of the salaries of other customs court officials.

The senate then adjourned until Monday.

Provides for Tariff. Provision was made for the administration of the new tariff law by the adoption today of numerous amendments to the urgent deficiency appropriation bill which was passed.

In addition to the salaries for judges and other officials and employees of the new United States of Customs Appeals, the senate appropriated \$100,000 to aid the State department in making commercial treaties, \$100,000 to pay the expenses of the advisory board that will assist the president in carrying out the duties imposed upon him by the maximum and minimum provision, and \$100,000 to defray the expenses of a bureau that will enforce the collection of the new corporation tax.

Amendments were adopted appropriating \$600 each for automobiles or other vehicles to be used by the vice president and speaker of the house.

After a long discussion the senate voted to reduce the salaries of the judges of the new Customs Court to the amount received by the judges of the United States Circuit courts.

CHOLERA CASES IN RUSSIA  
ARE GROWING LESS.

ST. PETERSBURG, July 31.—Thirty-nine cholera cases, thirty suspects and nineteen deaths from the disease were reported during the twenty-four hours ending at noon today. This is the lowest number of cases in one day since last May.
